

Project 6/07: Priest's house at Chambawala, Kayoyo,
Diocese of Lake Malawi.

This priest's house is situated in the deeply rural and hilly Kayoyo District. It took three years to complete! The priest, The Revd Michael Msakwiza, can be seen with his family below.

Fr Michael wrote to Mr Grafiud Tione, our MACS' Representative: *"With great joy I would like to report to you the house is now completed. All the receipts for the materials purchased are attached to this report. We are very thankful for your good advice which has enabled the work to be finished. May Christ look down upon you and all the trustees of MACS with favour. "*
